Bachelor of Computer Applications (BCA)
Chandigarh University
2021 – 2024 | CGPA: 7.42

Class XII (Commerce)
Kendriya Vidyalaya No.2, AFS Ambala Cantt (CBSE)
2021 | 70.83%

Class X
Kendriya Vidyalaya No.2, AFS Ambala Cantt (CBSE)
2019 | 66.6%

Projects Undertaken:

- **Online Shopping Web Application (Chandigarh University):**
  Developed an Online Shopping Web Application as a minor project using PHP, MySQL, HTML, CSS, JavaScript, and Bootstrap. The application allowed users to browse products, search by category, add items to a cart, and proceed through a secure checkout process. The backend used MySQL for managing product data and user information, ensuring efficient database operations.

- **Aptitude-Based Quiz Application (Chandigarh University):**
  Developed an Android quiz application using Java, XML, Firebase Realtime Database, Firebase Authentication, and the Amazon Developer Console. The app enables users to take aptitude quizzes across multiple categories, with secure authentication, real-time question updates, and performance analysis.

- **VHP website (Vishwa Hindu Parishad):**
  Developed a responsive website for VHP using React Native for the frontend and Clerk for authentication and backend admin management. The platform allows admins to securely manage content and user access while ensuring a smooth and intuitive user experience across devices.
  Project Link : https://www.vhpkarnataka.org/

- **Corporate Voting System (New Horizon College of Engineering):**
  Developed a secure corporate voting platform using Advanced Java (JDBC, Servlets, Swing) and MySQL, enabling anonymous voting, election management, and role-based access control.

- **Car Rental Booking Platform (New Horizon College of Engineering):**
  Developed a full-stack car rental booking platform using React.js, Node.js, Express.js, MongoDB, and Mongoose. Integrated ImageKit for cloud-based image storage and delivery. The platform allows users to book rental cars and enables administrators to manage vehicles, bookings, and users through an intuitive interface.

Experiences:

- **Mobilean Technologies Pvt. Ltd. (February 2026 – June 2026)**
  Completed an internship on Integrated Procurement and Supply Chain Management using Oracle ERP, gaining practical experience in procurement, inventory management, and Oracle ERP workflows.

Achievements:

- Certified on Oracle cloud infrastructure 2025 Generative AI Professional.
- Certified on MERN Stack Developer from Linked-In learning.
- Certified Frontend Developer in React by HackerRank.
- Certified in Python(Basics) by HackerRank.
- Presented a paper entitled Fraud Detection in Insurance Claim using XGBoost and Blockchain in the 4th IEEE International Conference.
- Presented a project entitled Animal - Friendly Bird Repellent System in the Karnataka State Council for Science and Technology.

Skills & strengths:

1. **Technical Skills:**

- Programming Languages: C, Java, Python, Java Selenium
- Web Development: HTML, CSS, React, Node.js, Express, MongoDB
- Tools: Git, GitLab, MS Word, MS Excel, MS PowerPoint
- Database Management: MySQL

2. **Soft Skills:**

- Effective communicator with good negotiation and presentation skills.
- Positive attitude towards work.
- Continuous learner with a zeal to acquire new knowledge.

Personal Details:

Languages: English, Hindi & Bengali

Nationality: Indian

Date: 8th August 2026

Place: Kolkata
